### Summary of Change:

The following changes were made:

(1) Implements the AMS risk threshold (ART) to reduce the number of changes to AMS as it relates to thresholds by creating a standard term within AMS for acquisition related actions at the \$250,000 threshold. (i.e., AMS risk threshold).

(2) Additionally, \$10,000 thresholds, when applicable, are being changed to the "micro-purchase threshold."

(3) Increase CFO review from \$10 MIL to \$15 MIL.

### Reason for Change:

The purpose of the change is to update AMS thresholds to be as flexible and current with government wide thresholds. The change also implements the AMS risk threshold (ART) to reduce the number of changes to AMS as it relates to thresholds by creating a standard term within AMS for acquisition related actions at the \$250,000 threshold. (i.e., AMS risk threshold). Additionally, \$10,000 thresholds, when applicable, are being changed to the "micro-purchase threshold" throughout AMS, for standard term purposes. AFI-1 submitted a request to increase CFO review from \$10 MIL to \$15 MIL due to inflation.
